Re - Minnie La Tourette

Called at needle factory of Fred Potter & Co., Somerset & Bethany Sts., where I interviewed Martin Scott, who resides at 195 French St., cor. Oxford St. He is brother of Lizzie Scott Britton, who Joe Revolinsky, when interviewed last week, informed me he had trained with Minnie La Tourette for bicycle races years ago, and who he said could supply the present address of Minnie La Tourette.

Scott said he has not seen his sister in two years. That he understands she is somewhere in Newark, with her daughter Elizabeth, who is married, but whose marriage name he does not know.

Said he does not know where his brother-in-law Allie Britton can be found, but thinks he also is in Newark, N.J. That he left New Brunswick with the wife of Gus Ferry, who lived somewhere on Bays d St. opposite Arctic Ice Co.

Said if I could locate his brother William Scott, who lives somewhere in neighborhood of Neilson St. & Richmond St., he would perhaps know address of Lizzie Scott Britton his sister.

Through search of neighborhood in this vicinity, I finally located the residence of William Scott to be 37 Schusfman St. near Neilson St., where I interviewed his wife, who informed me Mrs. Lizzie Scott Britton can be found at the residence of her married daughter, Mrs. Elizabeth Allen, 86 Watson Street or Watson Ave., Newark, N.J.

Respectfully submitted,

Thomas L. Harrison
